Welcome to ArkivDigital
Two search methods

Select "New archive search" to find church books and other archives.

Select "New Index search" to search by name in registers.
Search for person in *Population of Sweden 1950* Register

Search steps:
1. Select the New Index Search
2. Under "Index source" select Population of Sweden 1950
3. Enter search information in the search box below "Search index" Example *Astrid Lindgren 1907 Vimmerby*. There are also advanced search features.
4. Search results will appear on the right. Click on the desired person for detailed information.

The Population of Sweden is a database of all persons who lived in Sweden in 1950.
Population of Sweden 1950

Personal Information - Name, birth date and place, marital status, occupation, address

Link to birth book

Names of other members in household
Search in the archives (1)

1. Select "New archive search" to search for church books and other archives.

2. Example, in order to find the church books for Pelarne parish, enter Pelarne in the source search box.

3. Click on the desired archive on the right.

4. You can also search by archive type, county or province.
Search in the archives (2)

List of volumes that are available for Pelarne parish.

Click on a volume to get more information.

Double click on a volume and it will open
Browse, Zoom, & Image Settings

**Browse in a volume**

1. You can page backwards and forward 1 page or 5 pages by clicking on the appropriate buttons.

2. You can click on the dropdown menu and jump to any page in the volume.

**Zoom Features**

3. You can make the image larger or smaller by clicking on the zoom in or zoom out buttons.

   You can also use your mouse wheel to to enlarge or reduce the image size. A third way is to use the short cut keys (+) or (-), respectively.

**Image Settings**

4. You can darken or lighten an image by clicking on image settings.
Open several volumes & Full Screen Mode

Open several volumes at the same time
You can have several volumes open at the same time. The open volumes are shown under Current (1) on the left panel.

Switch between the volumes by clicking on the tabs (2).

Mark a volume as favorite by clicking on the star to left of volume and highlighting it. (3).

Full Screen Mode
If you want to use most of the display area to view the documents, click on the icon - Full Screen (4).

If you want to further enlarge the viewing area, click on the arrows (5) and (6). Then the left pane will be hidden and the size of the icons will be reduced.
Save your sources and save an image

1. You can save your sources by clicking on the copy button (1). Then click on copy source identifier (2) or copy pure source identifier (3). The source information will be saved to your clipboard and you can then paste it to a document or in your family tree software package.

2. To save an image as a JPEG or PNG file, click on save image (4).
View your historical searches

**History**

You can see what volumes you recently viewed in the program’s *History* (1). This is a practical help tool when you want to go back to a volume you recently closed.

If there are many volumes, you can search for the desired volume. Click on *Filter* (2) and write in the archive name such as the name of the parish.
Add a bookmark

Bookmark
You can bookmark a page that you wish to return to. Click on bookmark (1).
Manage bookmarks

You can find your bookmarks by clicking on the arrow next to your name in the upper right corner and select **Bookmarks**. (1)

You can organize your bookmarks in directories that you create. (2)
Settings

You can find the settings function under your name by clicking on the arrow.

The settings allow you to choose the interface language: Swedish or English, select the mouse speed and presentation viewings.
